Note: The Moorish Nation has been misrepresented as a Sovereign Citizen Movement as well as an Anti-Government and Domestic Terrorist Organization. The Moorish Nation is, in fact, the actual government that is being run by the United States and headed by President Donald Trump who is the substitute Grand Wazir and who sits in the Moorish Oval Office. As a result of European social engineering, millions of the defeated, subjugated and denationalized Moors who are classified as **black, negro, colored, African American, Spanish, Hispanic, Latino, Puerto Rican, Indian and West Indian** in the United States Census Bureau have been indoctrinated into falsely

thinking that the United States is a Nation, Country or Government. Let's examine the long buried Moorish and European History by reading Moors and Masonry.

*Moorish National Sovereignty has been exercised by the United States for over 200 years.*

Five times the "acts of Congress" relating to the [Obverse Seal] was ignored (1782, 1789, 1833, 1884, and 1902). Finally, in 1935, exactly 153 years after its adoption, a die was cut and has since been a decoration on the back of the one note which has been misrepresented as one dollar and constitutional lawful money.

Allusion to this triangle is found in most of the ancient religious and secret societies. Ancient Freemasonry employed the triangle, generally in connection with the All-Seeing Eye. Throughout the whole system of modern Masonry, there is no symbol more important in its significance, or more various in its application than the triangle. It is held in the

highest esteem by all Royal Arch Masons, whose Altar is triangular, whose Jewels are triangular, etc. The triangle, in connection with the All-Seeing Eye, is the Masonic symbol of the "Grand Architect of the Universe."

### Philosophy: Founders of the 'General Education Board'

John D. Rockefeller and Fredrick T. Gates - 1902

*"In our dreams, we have limitless resources and the people yield themselves with perfect docility to our molding hands. The present education conventions fade from their minds, and unhampered by tradition, we work our own good will upon a grateful and responsive rural folk. We shall not try to make these people or any of their children into philosophers or men of learning, or men of science. We have not to raise up from among*

them authors, editors, poets or men of letters. We shall not search for embryo great artists, painters, musicians nor lawyers, doctors, preachers, politicians, statesmen, of whom we have an ample supply...The task we set before ourselves is very simple as well as a very beautiful one, to train these people as we find them to a perfectly ideal life just where they are. So we will organize our children and teach them to do in a perfect way the things their fathers and mothers are doing in an imperfect way, in the homes, in the shops and on the farm."

### Noble Drew Ali and the Moorish Movement: Bringing the Moors Back into the Constitutional Fold of Government and out of Civil Death

— In 1913 Noble Drew Ali established the Old Canaanite Temple at Newark, New Jersey to set the course of political actions to bring the defeated, subjugated and denationalized Moors who are today classified as black, negro, colored, African American, Spanish, Hispanic, Latino, Puerto Rican, Indian and West Indian in the United States Census Bureau back into the constitutional fold of government and out of the negative political condition of Civil Death.

— Old Canaanite Temple (1913), Moorish Divine and National Movement (1916), Moorish Holy Temple of Science (1925 - Civic Organization) and the Moorish Science Temple of America (1928 - Under a Religious Affidavit)

*— ...I am hereby calling on all true citizens that stand for a National Free Government, and the enforcement of the constitution...*

*— And it is a sin for any group of people to violate the national constitutional laws of a free national government and cling to names and the principles that delude to slavery.*

*— Help me to save my people who have fallen from the constitutional laws of government.*

Excerpt from a speech written by Noble Drew Ali entitled 'A Divine Warning By The Prophet For The Nations' from the booklet Moorish Literature distributed by the Moorish Science Temple

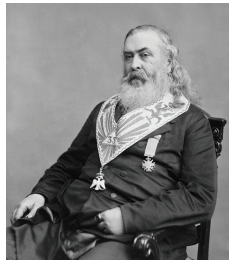

*The citizens of all free national governments according to their national constitution are all of one family bearing one free national name. Those who fail to recognize the free national name of their constitutional government are classed as undesirables, and are subject to all inferior names and abuses and mistreatments that the citizens care to bestow upon them. And it is a sin for any group of people to violate the national constitutional laws of a free national government and cling to names and the principles that delude to slavery.*

*Money doesn't make the man, it is free national standards and power that make a man and a nation. The wealth of all national governments, gold and silver and commerce belong to the citizens alone and without your national citizenship by name and principles, you have no true wealth, and I am hereby calling on all true citizens that stand for a National Free Government, and the enforcement of the constitution to help me in my great missionary work because I need all support from all true American citizens of the United States of America. Help me to save my people who have fallen from the constitutional laws of government.*

*I am depending on your support to get them back to the constitutional fold again that they will learn to love instead of hate, and will live according to Love, Truth, Peace, Freedom, and Justice, supporting our free national constitution of the United States of America.*

### Who are these Imposters Wearing the Moorish Fez - the Moorish Sovereign Royal Crown of Rulership?

Grand Monarch of the Mystic Order of the Veiled Prophet of the Enchanted Realm 123<sup>rd</sup> Supreme Council Annual Session

In 1567, Phillip II of Spain issued a Spanish Bulla subjugating the Moors under Spanish Rule. The Moors were classified as Spanish.

### The Spanish Inquisition by Henry Kamen

The date 1526 was fateful in the history of the Andalusian Moriscos, for in that year the Inquisition of Jaen transferred its residence to Granada. This move was accompanied by the issue of regulations forbidding the Moriscos to use the Arabic language or Moorish clothes or even Moorish names.

...Finally in 1567 an edict was published in Granada by the authorities along the lines of the 1526 regulation. By this measure all the rites, customs, and language of the Moriscos were forbidden under penalty. Books in Arabic were destroyed and Moorish clothes were forbidden. The list of prohibitions amounted to the suppression of every national characteristic of the Moriscos.

Moriscos is derived from the word Moroccan.

### The Expulsion of the Moors by Mike Konrad - Archives Home posted May 18, 2013

In 1566 the forty-year suspension of the Edict ran out. It was revised by a "Pragmatica" — even more severe as it required the Moriscos to learn Castilian within three years, after which no-one would be allowed to use Arabic. Moorish names were not to be used; Moorish garments were forbidden. And in 1567 Phillip II issued a decree ending all toleration of Moorish culture. He banned the Arabic and Berber languages, prohibited Moorish dress, required Moriscos to adopt Christian names, ordered the destruction of all books and documents in Arabic script, and decreed that Morisco children would be educated only by Catholic priests.

As a result of the Inquisition against the Moors, known as the Spanish Inquisition, millions of Moors today are classified as Spanish, Latino,

Hispanic, and Puerto Rican. Today, Moorish culture is preserved in some of the coat of arms of South and Central American countries.

### The Monument of the Four Moors (Italian: Monumento dei Quattro Mori)

Is located in Livorno, Italy.

The Monument of the Four Moors commemorates Ferdinando I de' Medici, the Grand Duke of Tuscany, victory over the Moors in 1607. The monument is made up of a marble statue of Ferdinando I completed in 1599 and of four colossal Moors bonded in chains completed in 1626. Cosimo I de' Medici created the Knights of St. Stephens in 1561 as a military order to fight against the Moors.

*“Every child at birth shall have a right to a name and nationality.”*

In 1870, the **Ancient Arabic Order of the Nobles of the Mystic Shrine** (today called Shriners International) adopted the Moorish Imperial Divan, the Moorish hereditary blood titles **Noble** and **Imperial Potentate** as the structure of their Masonic organization and titles for their officers respectively. The United States Colonial Power has **usurped** the **Moorish National Sovereignty** and functions the Moorish Government in a trusteeship capacity. Due to European social engineering the general public has been indoctrinated into believing that the United States is a government when, in fact, the government is the Moorish Government in the hands of the United States Colonial Corporation. The Moors are the Sovereigns of the land and therefore are the true founding fathers and mothers of the country that has been falsely called the United States/United States of America/US/U.S./USA/U.S.A.

### Crescent Moon A Symbol of the Lunar Calendar

The symbol of the **Crescent Moon** can be found everywhere in ancient world culture. This ancient symbol can be found on seal impressions, steles, pottery, amulets, clay tablets, cylinders, weights, earrings, necklaces, wall murals, etc. Sir Leonard Wooley excavated a temple in Ur honoring the Moon. The Moon artifacts are on display in the British Museum. In Persia and Egypt, the Moon is depicted on wall murals and on the heads of statutes. According to archaeological excavation, Gok Turks used the crescent and star figure on their coins. The 1500-year old coin includes three crescent moon figures and a star near a person.

Excerpts from treaties between the Moroccan Empire and the European Powers reveal that the Imperial Structure of the Moroccan Empire is preserved within the **Ancient Arabic Order of the Nobles of the Mystic Shrine’s** organizational structure of “**The Imperial Divan.**” Notice the title, **Divan**, in the excerpts of the following treaties.

### Treaty of Peace and Commerce between Great Britain and Tunis, signed at Tunis, 5 October 1662

Articles of Peace between the Most Serene and Mighty Prince, Charles the Second, by the grace of God, King of Great Britain, France and Ireland, Defender of the Faith, &c., and the Most Excellent Signors, Mahomet Bashaw, the **Divan** of the Noble City of Tunis, Haggia Mustapha Dey, Morat Bey, and the rest of the Soldiers in the Kingdom of Tunis; concluded by Sir John Lawson, Knight, the 5<sup>th</sup> of October, 1662.

### Treaty of Peace between England and Algiers, 10 November 1662 Article II

If a controversy arises between an Englishman and a Turk, the **Divan** shall decree justly concerning it, and shall use their endeavour that the quarrel may be accommodated and that right and justice be administered to whom it is due.

### Moorish Grand Wazir/Vizir replaced with the term “United States President.”

Since 1789, Presidents of the United States have been wearing both the **Moorish Fez** and **Pilgrim Hat**, and they have been sitting in the position of the **Moorish Grand Wazir**. Today, President Donald Trump wears the **Moorish Fez** and the **Pilgrim Hat**. He is president of the United States corporation and sits in the Moorish Oval Office and functions the office of the Moorish Grand Wazir/Vizir.

The word Pilgrim is derived from the Latin **peregrinus** meaning foreigner, stranger. The descendants of European settlers on Moorish land falsely known as United States who have been falsely claiming to be white, white people and free white persons, are all **pilgrims**. White is in reference to the **White Crown of Upper Egyptian** known as the **Hedjet**. When the descendants of Europeans settlers falsely claim to be white, they are, in fact, falsely claiming to be the **Sovereigns** of the Land and falsely claiming the Hedjet to be their birthright sovereign royal crown.

Hedjet - The White Royal Sovereign Crown of Upper Egypt and the origin of the title White, White People and Free White Person

These descendant of European settlers are, in fact, of English, Irish, Scottish, French, Dutch, Danish, Swedish, German, Italian, Russia nationality/national origin/descent/ancestry. These Europeans have been falsely claiming to be Americans. **The 1828 Edition of Webster’s Dictionary** defines American as *A native of America; originally applied to the aboriginals, or copper-colored races, found here by the Europeans...* The same edition added a distorted meaning to the definition of American by defining the descendants of European settlers as American. The other part of the definition for American is *but now applied to the descendants of Europeans born in America*. Keep in mind that the first part of the definition for American is *A native of America; originally applied to the aboriginals, or copper-colored races, found here by the Europeans...*

Aboriginal is defined as the descendants from the original inhabitants of the land. How could the descendants of Europeans settlers of **English, Irish, Scottish, French, Dutch, Danish, Swedish, German, Italian, Russia** nationality/national origin/descent/ancestry ever become the aboriginal and native people of the land? How could the name American ever be applied to the descendants of European settlers simply because they were born on Moorish land? This is a clear act of birthright and identity theft.

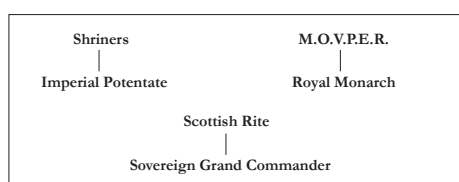

## Who are these Imposters?

*The European Masons Use Substituted Titles for the Moorish title Emperor of Morocco/Sultan of Morocco*

The European Masons have adopted the titles, **Imperial Potentate**, **Royal Monarch**, **Sovereign Grand Commander**, and **Illustrious** as an act of preserving and acknowledging the Sovereign position of the Past Emperors of Morocco. The Ancient Arabic Order of the Nobles of the Mystic Shrine, now known as Shriners International, adopted the title Imperial Potentate for the head of its order to honor the past Emperors of Morocco and the Sovereignty of the Moors. The Mystic Order of the Veiled Prophet of the Enchanted Realm, also known as the Grottoes, adopted the title Royal Monarch for the head of its order to recognize the past Emperors of Morocco and the Sovereignty of the Moors. **The Ancient and Accepted Scottish Rite of Freemasonry of the Northern and Western Hemisphere, Inc.**, adopted the title **Sovereign Grand Commander** for the head of its order to venerate the past Emperors of Morocco and Moorish Sovereignty.

### Emperor of Morocco/Sultan of Morocco

### Ancient Arabic Order of the Nobles of the Mystic Shrine

The Ancient Arabic Order of the Nobles of the Mystic Shrine's organizational structure of "The Imperial Divan" is presented below. The Imperial Potentate is the highest - ranking officer within the "Shrine" and that position, or "seat" is symbolic and in honor of His Imperial Majesty, the Emperor of Morocco. The Scottish Rites Order uses the **Moorish title Sovereign Grand Commander** and the Mystic Order of the Veiled Prophet

of the Enchanted Realm uses the **Moorish title Royal Monarch** as derivatives of the Moroccan Sovereign Title - His Imperial Majesty, the Emperor of Morocco. Other masonic orders use the Moorish title **Illustrious**.

### Potentate: What it means

The word, **Potentate** is derived from the Latin, *potentia*, meaning of **great power**. One who is bestowed the title **Potentate** is one who wields high controlling power. A Potentate may also be referred to as a **Monarch**; thus, the political term, **Monarchy**, has its origin herein. A **Monarch** is a person who reigns over a kingdom or empire, as a sovereign ruler, a constitutional King or Queen, or any person holding a preeminent position of power and authority.

### Past Imperial Potentates

The European Masons proudly don the Moorish Fez as a badge of honor for conquering the Moroccan/Moors in their land. Now the European Masons wear the Moorish Fez to symbolize their claim of Moorish National Sovereign Authority of which they exercise in a substitute and temporary capacity.

This author projects that **Moors and Masonry** will inspire Moors classified as black, negro, colored and african american in the United States Census Bureau to become politically active in their Moorish national affairs and to reclaim their birthright inherited land, national sovereignty, and federal government currently being run by the European Occupational Colonial Government, known to the general public as the United States/United States of America/U.S./U.S.A. **Moors and Masonry** will aid in preparing the Moors, in European captivity, for operative sovereign capacity. The treaties between the Moroccan Empire and the European Powers unveil the Moorish origin of the **Imperial Divan** adopted by the **Ancient Arabic Order of the Nobles of the Mystic Shrine in 1872**. The **Imperial Divan** is the Moorish Council of Government. In 1913, Noble Drew Ali established the Old Canaanite Temple to restore the Moors to operative sovereign capacity. **Moors and Masonry** will put the

unconscious Moors on the right path to reclaiming their **Moorish Imperial Divan**, Moorish Land, Moorish National Sovereignty, and Moorish Federal Government currently under the control of the European Occupiers.

The Ancient Arabic Order of the Nobles of the Mystic Shrine's organizational structure of The Imperial Divan is presented below.

Imperial Potentate, Deputy Imperial Potentate, Imperial Chief Rabban, Imperial Assistant Rabban, Imperial High Priest & Prophet, Imperial Oriental Guide, Imperial Treasurer, Imperial Recorder, Imperial First Ceremonial Master, Imperial Second Ceremonial Master, Imperial Marshal, Imperial Captain of the Guard, Imperial Outer Guard, Imperial Chaplain

### Shrine Temples

There are 206 Shrine Temples named after Moorish Rulers and Provinces in honor of the Moroccans/Moors contributions to civilization; commercial, seafaring and trading power during the 1500s, 1600s and 1700s; and the Moorish Federal Government and Imperial Divan. The Europeans established Mecca Temple the first Temple at the New York City Masonic Hall on September 26, 1872. Walter Fleming was the first to use the Moorish Sovereign title Imperial Potentate. The European Shrines changed the name from the **Ancient Arabic Order of the Nobles of the Mystic Shrine (A.A.O.N.M.S.)** to Shriners International in 2010. The headquarters is at Tampa, Florida. There are approximately 350,000 members from 206 temples at the United States, Canada, Brazil, Mexico, the Republic of Panama, the Philippines, Puerto Rico, Europe and Australia.

The proper venue for 'Diversity' – as constitutionally – established – is Consular Court. See Constitution for united States, Article III, Section 2:

Because so much has been written about the recent misrepresentations and attacks made against active Moors by the corporate UNITED STATES Municipal franchise city operatives, via the private, for profit owners and stock holders, we active Moors find it necessary to share with the public, our position on government and on constitutional enforcement. In the best interest of truth and peace, we will share with the readers, what has gotten so many upset with our activities.

Therefore, this presentment is shared in support of the rightful positions held by Sister, Nura Ameena Nyirah Haamid Bey of Florida (Land of Flowers) Territory and later against Sharon Tracey Gale Bey, of Lenne Lenapi / Shakamaxen Territory (Via Darby Corporation operatives). Both Nura and Sharon, being duly - Vazirs / Ministers / Consuls / Judges have been wrongfully slandered, misrepresented in the main -stream press, and subjected to Inquisition barratry via the Demo-news networks. ## A View Into the Constitutional Position Held by The Active Moors / Vazirs / Consuls / Judges

### Restoration of Consular Court

**Moorish Americans:** descendants of the ancient *Moabites* and rightful *Heirs* of *'The North Gate'*. In our reviewing of the contemporary histories of the *Moorish Nation* and of the present negative condition imposed upon the Earth and in the world generally. We conscientiously respond to the pressing need to reconsider the varied, negating and untoward conditions existing. Much of the din, and many of these ruinous disorders are due to perverse *'European Colonial Occupation'* (via their descended Inquisition Operations rooted in U.S. Demo- Corporate succession). With selfishness; with greed; and with unbridled force, the deceptive Priesthood / Bishopric and Personators of benevolence have weaved their pathogenic administrating agendas, mirroring their fore-fathers' (*Romans'*) self-assigned *Unam Sanctam Hegemony* practices. Moving to and fro across the earth, the Romans have forced their *Bulla* propagations by way of *Missionaries*, *Mercenaries*, and *Militaries* and deem to secure their professed hypothecations with vain explications. Upon these social and political platforms and fictitious constructs, the parasitic *Roman Oligarchs* have declared themselves as GOD!

With relentless fervor, the Romans/Europeans have perpetrated their foul Inquisition conquest intentions against the earth and against the human family. In our quest for resolutions and remedies, we must keep in mind our cultural knowledge of and about the *'Higher Self'* and of the *'Lower Self'*. Being Moorish Scientists of the *Northwest*, we must also remember truth in accord with nature, and not forget the *Divine Law* rule of *'Cause and Effect'*. We must strive to keep our passions within the bounds of righteousness. Nevertheless, and by virtue of the conflicting inter-social and international realities of human society, we *Moors* of the *Northwest* are also by descended agreement, in treaty relations with the *Roman* descendants, designated as, *Europeans* of the *Albion* stock. In these days, we are dealing with an

*occupational* and criminal body – politic of the *Romans / Europeans* via their descendants who have been, and are operating in belligerent *'breach'* of *treaty*, and who are practicing such things which are *repulsive* to, and *contrary* to, the *Treaty* and odious to the *organic Constitution*. Observing these *'breaches'* and foul oppositions, we move to view and to review our contemporary social and political conditions and activities with logistical cognizance. Noting primal issues we shall make focused deliberations and make reflections upon the past. And so we address the present.

## Consular Court Restoration

This assignment is taken with the applied comprehension that the *'Moorish Divine and National Movement'* is *Rotarian* in purpose and complexion. Therefore, the *Moorish Movement* is *national* and *international* in character. Also note that *International Law* is, by its nature, congruent with *'Common Law'*. We, the descendants of the ancient Moabites, – being the natural peoples of the Land, are the true Nationals (*Al Moroccans*). An affirmed number of us are seriously working toward stimulating our oft – distracted people to study and to seek a functional level of consciousness in government structure and of its limited parameters. Logically, qualified participation in proper civic instructions is required with discipline needed to accommodate the *'Restoration'* of the *'Consular Courts'*; (*think proper recognition of Diversity*) *at North America*.

The record shows that the occupying Europeans have *'Breached'* their obligations to the *Treaty of Peace and Friendship between Morocco and United States of 1787* and have abridged the organic Constitution for the *'united States of America'*. However, their noted *'breaches'* do not leave us (the Moors) without our responsibilities towards ourselves, to the nation. We are obliged to restore philology and to repair as many faults as we are able to identify in relationship to the occupation – damaging problems facing ourselves and our own miseducated peoples. The unfortunate reality still remains that we are, nevertheless forced by the existing conditions to deal with the compound problems caused by

European occupation of our peoples and Lands. After all, the Romans are still occupying the 'North Gate'. And despite whatever ideas or opinions held by any party involved, the Consular Court platform and venues are of no doubt needed.

All existing judicial platforms and court venues that have been *held as appearing legitimate courts on North American soils, have been operating under a 'Color— of — Law' and under a 'Color— of — Authority'*. These are known *misprision* facts; particularly since the 'coup d'etat of 1861, which was feigned by reconstruction historians as, "The Congress for the united States of America adjourned Sine Die - 1861." These same reconstruction historians and scholars have always known, and do presently know that the existing and *Demo-imposed* judicial system operating at North America is based in fraud and with its membership operating in a deceptive state of impersonation. Furthermore, all historians, scholars, and 'General Education Board' teachers, administrators and professors have always known that the misrepresented judicial system that operates on the Land at North America is unconstitutional; is a foreign, for-profit platform of and for private European Barrister venues, et cetera. All such *pseudo-courts* were then, and are now, *de facto*; again, ergo a need for **Consular Court Restoration**.

Contemporarily, (1956) an important and compound political action took place, initiated from the North Gate. Layered within those political actions, discussions and disputes was the relinquishment of *Consular Court* at the Northwest. On the one hand, the apparent implications of right of self-government was restored to Moorish jurisdiction, yet on the other hand, we see that European decolonization initiatives (*commanded by International Law agreements*) were not actuated on the larger scale over the Lands of the Moors. The Europeans relinquished jurisdiction at the Moroccan Kingdom territory located at the northern coast of South Asia (*Africa*) but did not relinquish jurisdiction at Northwest Amexem / Northwest Africa / North America.

We are aware of many otherwise hidden and less publicly - admitted political, economic and social motivations as to why the *German / Dutchman, Dwight D. Eisenhower* relinquished jurisdiction at some *parcels* of the *Moroccan Empire*, but

(with deception) not abandon jurisdiction at the heartland; - cosmologically and politically known as, 'The North Gate'.

Now, to maintain some clarity on the 'Consular Court Restoration' subject matter at hand, let us present to the reader the definition of the word, 'Restore'. Restore is derived from the Old Moorish Latin, *restaurare*, and means, "to renew; to rebuild; to alter; to give back; to return; to put back; to bring back into existence or use; to bring back into a former state or condition; and to put again in possession of something."

### Jurisconsult

In our current 'Moorish Affairs' we are addressing the important issue of assuring among ourselves, qualified and qualifying *Jurors*. This is necessitated by the fact that many active Moors are coming back into the Constitutional fold of government, with the intent to enforce the *de jure*, established 'Law of the Land', via that 'Organic Constitution'. Therefore, *qualified jurors* are an obvious component to the social - political remedies, which have (*by default*) been absent from our communities. A *Juror* is essentially a designation given to a woman or son who takes on an *affirmative oath* as an *allegiance*. Thus, in organized government, and under the rule of established jurisprudence and law, a *Juror* is a *Jurisconsult*. A *Jurisconsult* is one who is learned in *International Law* and in *Public Law*. Therefore, *Jurisprudence, Jurisprudient, Jurisdiction, Jurist, Juristic, Juridical, Jusgentium, Jus sanguinis, Jus soli, Jural, Justice*, et cetera, are all related to, and included in, the studies required of, or relegated to, a *Juror*. Thereupon is an honorable *Juror* 'trusted' as a qualified *Consul*.

Within the grammatical construct of the word, *Jurisconsult*, one can see the word, 'Consul' (*Jurisconsult*). That foresaid allegiance of a *Juror / Consul* refers to the acts of one taking on devotion to *Ethical Maxims*, to established principles; to honorable causes; to loyalty; and to the fidelity owed to one's kindred, nation and government, et cetera. Given to reason, a *Juror* is a member of a collective, chosen body referred to as a *Jury*. A *Jury* is an agreed body of natural people who are, by legal, qualified process, selected to examine and to inquire into any *matter of fact*, and to give or to present their just determinations or verdicts according to the manifested *evidence*. Logically,

one who is dealing with, or assigned to address or to investigate such evidence, by right, should and must be *ethical* in her or his rationale and judgments.

*Ethics* is the discipline that deals with what is *good* and *bad*, and with moral duties and obligations. And so, in this instance, we are consciously working to discipline ourselves to take serious, the individuals, the groups, and the national obligations which we hold (*by unbiased measure*) as primal to Moorish Culture. And so we are taking on the responsibilities of practicing and restoring (*where absent*) those moral and ethical principles of Love, Truth, Peace, Freedom, and Justice.

### Reflection

It is an established fact that philosophically and culturally, and in accord with Moorish Culture, that 'Reflection' is the business of man! Since 'Reflection' is the business of man, let us *reflect* upon a poignant and awakening excerpt as taken from *Chapter 1* of the 'Holy Koran - Circle 7' of the *Moorish Holy Temple of Science / Moorish Science Temple of America*. This *Divine Truth* excerpt will assist us in keeping our focused perspectives in check and in synchronicity with reality and the proven truths in regard to our human family developments and evolution. We can also look at and examine our conduct and tendencies from both *abstract* and *physical* views. These observatory methods can be achieved by the studied applications of the ancient Moorish culture sciences of *Astrology* and of the *Alchemic* associated knowledge about earth salts, silica, water and phosphates, et cetera. Moorish Scientists know that these elements are used in the nature - operations of the 'Wombs' of *Womb-man* and designed by Nature's God and Nature's Law; committed to build our physical bodies. From a matter-of-fact perspective, we can also make inter-relational and component observations, or choose to take on a general logistical perspective for applying critical thinking. Recognizing that 'reflection' (*from a philosophical view*) has always been a vital aspect of Moorish Cosmology / *Religious* culture, we shall not hesitate to exercise our senses to do so. Reflection may refer to a thought; to an opinion; to an idea; or to a universal or general and principled *Maxim* upon which we form or have formed conclusions. Such determinations have been, are, or can be, achieved by way of earnest meditation or by rational thought. An

Currently, and in this instance, and in our meeting (*Majlis Assembled*) April 15 + of 2017, we, the present Members of the 'Order of the Great Seal' are deemed to act constructively concerning the often neglected 'Diversity acknowledgement' issues. Some of these issues include, but are not limited to, the following:

- a.) Awakening our nationally - unconscious people to recognizing their 'Common Law' responsibilities to their own Nationality and bloodline.
- b.) Restoring the rightful operative dispensations and acknowledgements of proper sanguineous Nationality Cards of Identification; - distinguished from the forced private, for-profit, Feudal Law, corporate fee constructs. Among these are the misrepresented, corporate-privileged, Driver's Licenses, et cetera. These and other Demo-instruments have been falsely imposed upon the natural peoples of the Land, and are colorably guised as identification cards.
- c.) Restoration of proper and lawful 'due process' under organic Constitution Law principles and operations, whenever an inter-social controversy or law issue arises. This is to be the restored process and standing for all peoples in society.

## The Astronomical Origin of the Two Solar Pillars of Boaz and Jachin, St. John's Day and the Cornerstone

Excerpt from The Masonic Compass & Square and Their Connection to Measurement and Timekeeping

The Compass and Square, Geometry and the Laws of Nature and Nature's God

*Geometry is the key to unlocking the Cosmic pattern behind creation and the harmonic blueprint of the universe reflected in all living things*

The Cabbalistic Knowledge and The Masonic Compass and Square: *Ancient Measures of Cosmic Cycles of Time Encoded in Numbers and Geometrical Shapes*

*The Numerical and Geometrical Interpretation of Cosmic Law The Laws of Nature and Nature's God*

The Compass and Square with the letter (G) in its center symbolizes the ancient science of measuring the Earth known as geometry as well as the architectural design of the Universe as encoded in ancient structures throughout the world - layout of cities, architectural designs of temples, churches, pyramids and statues as well as the divine proportion of the human body. To refer to this geometrical design of the Universe, the Masons use such phrases as "The Grand Architect of the Universe" and the "Master Builder". The European Masons put the phrase "Laws of Nature and Nature's God" derived from Ancient Egyptian Philosophy in the Declaration of Independence as their guideline for the maintenance of order and harmony in society. Numerical interpretation of Cosmic Law has been used as a standard in music, architecture, laying out cities, studying the divine proportion of the human body. Today, Masonic and Knight Orders have preserved this ancient cabbalistic knowledge of Cosmic Law,

laws of nature and the law of human nature. John Michell who wrote the Forward for The Canon: An Exposition of the Pagan Mystery Perpetuated in the Cabala as the Rule of All Arts written by William Stirling states:

*The subject of The Canon is the ancient and esoteric Law that formerly regulated every aspect of human activity, providing a canonical standard for all the arts and sciences, as music, decoration, sculpture, astronomy and the art of government, and which, according to Plato preserved for over 10,000 years the stability of Egyptian culture.*

*The numerical ratios, of which the Law was essentially composed, were also applied to metaphysics and theology. The nature of each god was represented by a number, to which reference was made in the numerical value of the letters in his name, in the dimensions of his temples, in the number of verses in the hymns addressed to him, and in all his various rites and attributes. An initiate into these mysteries was thus able to study the relative significance of the individual gods within the cosmic scheme, of which the Law was both the symbol and the image.*

*The Canon is not presented as a textbook of mystical mathematics, but has a more subtle purpose: to illustrate the methods by which the priests formerly regulated the lives of the people in accordance with their interpretation of the cosmic laws and cycles. To understand the meaning of this science – even to admit the possibility of an accurate and skillfully applied cosmological knowledge among the ancients – it is necessary to disregard several fundamental assumptions of modern history and philosophy.*

## The Eastern Star and the Crescent Moon

Addressing the Political Motive of the Distorted and Corrupted View that the Woman and the Ancient Crescent Horned-Headed Goat Misrepresented as the Devil are the Causes of the World's Evil

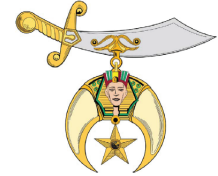

Excerpt for the upcoming book How Her Venus and Moon Rules

by Abdullah El Talib Mosi Bey

This author's objective is to reconnect the defeated and denationalized Moors classified as black, negro, colored and African American in the United States Census Bureau to their ancient astronomical and agricultural knowledge of the Moon and Venus planting and harvest cycles as well as their ancient matrifocal societies and female fertility deities. The restoration of this ancient knowledge to the minds of the defeated Moors is the symbolic removal of the Moorish scimitar placed above the head of a Moabite woman, Crescent Moon and Five-Pointed Star as displayed on Moorish Fezzes worn by the European Shriners since 1870. In the early 1870s, Walter Fleming, the founder of the Shriners placed the Moorish scimitar above the crescent moon, five-pointed star and woman's head representing the uprooting of the ancient practices, observations, tracking and calculation of the cycles of the moon and the cycles of the planet Venus for the development of the Venus and Moon calendars to calculate planting and harvesting cycles.

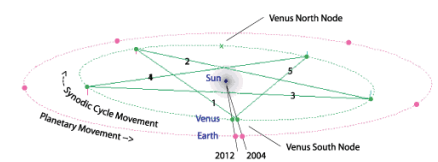

Edgar J. Banks in his article entitled 'The Origin of the Crescent and the Star' states, *The importance which the ancients attributed to the moon has survived in the Orient where the months are still lunar. The most joyous occasion in Central Arabia is when the new moon rises to end the long month of fasting. Then the shrill cries of joy of the women resound in every village. When the moon is eclipsed, the people are horrified. Even in our own country some farmers plant the potatoes in the full of the moon, and the mothers wear their babies according to the phases of the moon. The new moon, with*

*a brilliant star or planet near it, may have impressed the Babylonian as a favorable sign, and thus the crescent and the star became the picture-word for incantations.*

*The European Shriners placed the Moorish scimitar above the head of the Moabite Woman, Crescent Moon and Five-Pointed as a symbol of their suppressing the ancient astronomical and agricultural knowledge of the Venus and Moon calendars, Venus and cycles and their natural rhythmic harmony with Women.*

## The Ancient Fertility Moon Goat and Her Crescent-Shaped Horns Misrepresented as the Devil and a Symbol for Evil

The Implanting of Fear to Suppress the Ancient Knowledge of the Moon Calendar

In the chapter entitled, 'Goddess of the Witches' of their book The Great Cosmic Mother: Rediscovering the Religion of the Earth, Monica Sjöö and Barbara Mor write:

The morning star, also the evening star, is Venus, which along with the moon was observed with very accurate calculations by ancient astronomers worldwide. To the Aztecs it was Quetzalcoatl, to the Mayans Kukulcan; to the Sumerians and Babylonians it was Inanna-Ishtar. When "Christians" encountered astronomical-astrological observations and texts on Venus and the Moon, they saw only "Devil-worship"....
